

E-Risk360

WHO WE ARE?

We are a team of international auditors and consultants, helping clients achieve personal and business success.

We believe in:

- Operating in a socially responsible fashion
- Listening to our clients challenges
- Understanding our clients requirements
- Engaging with clients at all levels, from senior leadership, operations, through to people on the factory floor
- Understanding stakeholders, the perspectives and managing expectations
- Adopting a continuous improvement philosophy, so we can learn and innovate
- Implementing emerging technologies, in a responsible, ethical and sustainable manner

WHAT WE DO?

E-Risk 360 helps individuals, corporates and government clients in Australia and around the world solve some of the most complex risk and compliance challenges.

We provide solutions to help our clients achieve compliance and certification, enabling greater market access locally and internationally.

Our areas of expertise include:

- Risk Management Systems, focusing on managing safety, environmental and quality assurance
- ISO Management Systems Certification
- Market research
- Business Development, sales and expansion strategies
- Training in Risk Management and ISO Management Systems
- Innovation and Growth Consultation

WHY HIRE US?

Organisations face increasing pressure to meet and ensure the safety, reliability, and sustainability of products and services.

The cost of non-compliance can result in significant penalties, expensive rework and potential long-term reputational damage. E-Risk360 has extensive experience and capabilities in helping to alleviate compliance bottlenecks, and in doing so we:

- reduce the cost of errors/re-work (ie defects, non-conformances, customer complaints)
- reduce the time spent on compliance (ie with operational licenses, permits)
- operate efficiently and plan with peace of mind
- free up internal resources, refocus and empower staff, so more time can be spent on value generating activities
- avoid costly penalties by reducing operational risks (occupational health and safety, environmental (ie reduce wastage)
- open new doors and improve speed to market
- think out of the box, with a continuous improvement and innovation mindset, staying ahead of the technologies
- keep customers happy

OUR TEAM

E-Risk360 helps to provide solutions that are tailored to the needs and specifications of each client. Our team of international associates offers clients a wide range of expertise across various fields including:

- Governance, risk management and compliance
- Finance and internal controls
- Performance audits and public sector financial management
- Project management and advisory services
- Data engineering and sciences

We work with you and your teams to solve the most complex risk and compliance challenges. In doing this we help your organisation build new revenue streams, future proof your business, and develop more resilient communities.
